

AIN'T IT A GRAND AND GLORIOUS FEELING HAVING THIS RAIN

The Wainwright Star

VOLUME 46-NO. 34

WAINWRIGHT, ALBERTA, WEDNESDAY, JULY 3

C. R. MORRISON, PROP.

G. W. V. A. PLAN BUILDING FINE NEW HALL

The G. W. V. A. of Wainwright have been working on a scheme for some time that will result in the erection of a building which will be dedicated as a memorial to the boys from this district who were killed at the front, and also as a place where those who became cripples and had no place or home to go to, could rest and recuperate and be looked after. The need of such a place to serve this district of which Wainwright is the centre, is emphasized when we consider the number of boys who have enlisted from here. When they return many will be unable to work for some time after being discharged from the hospital and many never will be able to work. A building that would serve the double purpose of providing them some sort of income and a home and also to be of use to the citizens of the town, is a very laudable object to work for.

Plans have been made now after months of hard work, and the board of supervisors have passed them. The description of the proposed building is as follows:

It will be built of red brick and will be solid walls. The foundation will be of concrete and cellar room will be made to accommodate the heating equipment and storage space for coal.

The front will face on main street, the exact location not yet decided, and will be two stories in height, with a military or barracks style of architecture. One large double entrance will lead in to the street. Large double windows both in the ground floor and the one above with many single ones, will give lots of light from the front.

The entrance from the street will be up stone steps into swinging door leading into a hall, from which there will be entrances into the auditorium, the office and the club room, the stairway will also lead up from the hall. The auditorium will be a large airy room 45 by 100 feet and the height of two full stories. In the rear of the auditorium will be a raised platform and at the other end will be a gallery with an entrance from the second storey. This hall will make a splendid place for meetings, dances, gymnastic work and hundreds of other uses that will be of benefit to the community at large.

On the other side of the ground floor leading from the hall will be first the reading room for the veterans, which will be 20 x 30 feet, and connected by swinging doors will be the recreation room 24 x 30 feet. At the rear will be a kitchen and two spare rooms which could be used for dressing rooms in case the hall was used by a theatrical troupe.

On the second floor will be four bedrooms with clothes closets and bath room and also a room that can be used for lodge purposes, 30 by 46 ft. 9 inches.

The estimated cost of the building complete is \$20,000. The money required will be raised by some means that has not been fully decided upon as yet, but will either be the formation of a stock company or by voluntary subscription or some taxation scheme.

A building of this description would be an asset to any town and it is to be hoped that the G.W.V.A. will soon have all arrangements made so that a start could be made in its erection. Buildings of this nature are being proposed in many of the other towns and it would not do to see Wainwright behind in their appreciation of the work of the boys who went overseas and also from a civic pride point of view.

Every dollar you spend in your own town helps to build it up.

FOOD SHORTAGE IN GREAT BRITAIN.
A "queue" outside a London shop waiting for the weekly allowance of four ounces of oleomargarine.

FREE PRESS ON CROP CONDITIONS

Winnipeg Free Press Report is Encouraging for the Whole of West

The Winnipeg Free Press prints its fifth crop report for this season. "It is fairly evident," says the report "that the Canadian west is not to have a bumper crop this year, but with good weather from now on there is a reasonable hope of a fair crop."

An average of 10 per cent of the area set to crop this year in Manitoba has been re-seeded. One half the points queried by the Free Press report wheat in short blade. For the most part there has been good moisture in this province, but on the average of general conditions, the average outlook is fair on condition "that we get more rain."

In Saskatchewan—

In Saskatchewan it was necessary to re-seed about 5 per cent of the crop area and the number of points reporting wheat in short blade is much smaller than in Manitoba. Evidently the need of moisture is great, and many reports indicate that hot winds are still doing damage. On the whole, the crop is later than last year.

In Alberta—

In Alberta very little re-seeding has been necessary, and almost 75 per cent of the districts queried report wheat in the shot blade, owing to early hot weather. Of the three prairie provinces Alberta appears to be the worst off for lack of moisture but the advent of rain will still be in time to make a considerable difference to the outlook of the crop.

SPECIAL TRAIN TO THE EDMONTON EXHIBITION

A special train will leave Wainwright at 6 o'clock in the morning on Wednesday, July 10, for the Exhibition. It will return somewhere around eleven o'clock.

MEETING OF BOARD OF TRADE

A meeting of the executive of the Board of Trade will be held on Friday evening at 8 o'clock in the County Chambers. Every member is urged to be present as important business is to be dealt with.

GREENSHIELDS DISTRICT DOING SHARE OF INCREASED ACREAGE

The farmers in the Greenshields district, and in other districts as well, have great faith in the country around here as a coming wheat growing district. "All through the district tractors can be seen turning over the new soil, preparing for a big increase in the acreage of crop next year. Hundreds of tractors have been sold by the Wainwright dealers, and probably many more have come in from outside points. The dry season we have had so far is not the least discouraging to the farmers as far as future crops are concerned. "Next year I expect to have twice the amount in crop that I have this year, and believe we will have a good season," is the way one man put it.

The following items are gathered from around the Greenshields district. Mr. D. Sutherland has purchased from Girard Brothers, the northwest of 21-4-5, and will break up about 80 acres this summer. A tractor is in use and soon makes the virgin prairie black with upturned soil.

John Brown, of Greenshields has a gang of carpenters working on his new house at present. When it is completed it will be a fully modern

farm house, equipped with electric lights, etc.

Low Wallace has finished his breaking contract with Jim Robertson, on the Gruber quarter, recently purchased by him. About 100 acres were broken up ready for next year's crop. Mr. Wallace has also contracted to break up 90 acres for Frank Borden, Jr.

Gus Hedlund is busy brushing his new quarter and will have it broken up soon.

It is expected that next year in the Greenshields district there will be over 2500 more acres in crop than at present. Everyone is summerfallowing and breaking up all the new land available.

Isaac Stoffer has started building his large modern barn, which will be somewhere around 40 feet by 80 feet. The wall up to about eight feet will be of concrete, with frame building the balance. Mr. Stoffer is an up-to-date farmer and has recently added the adjoining quarter on the west to his farm. This will give him a half section, and will be one of the finest farms in this part of the country.

POTASH DEPOSIT FOUND AT CZAR

Is Contained in Waters of Horse Shoe Lake—The C. P. R. Officials Are Investigating

An important addition to the world's supply of potash is promised from development now in prospect at a point between Czar and Metiskow on the C. P. R. line to Winnipeg. The potash is contained in the water of Horse Shoe Lake—a body of water about two miles in greatest length.

A party of C. P. R. officials from Vancouver have been making a careful examination of the conditions for some time past. It is understood that the water of the lake carries a ten per cent solution of potash. Crude potash has become one of the scarce minerals, partly because Germany controlled the world's supply before the war and partly because of its use in munition making. It is said to be worth \$200 a ton, or twenty cents a pound. Recently the search for potash deposits has been stimulated by the exhaustion of an important deposit of potash in a lake in the State of Missouri. It is proposed to pipe the water of the lake to a point on the railway line a distance of three or four miles, and there secure the potash by a process of evaporation.

There is dry potash in considerable quantities around the shores of the lake. The establishment of the work would probably mean an expenditure of half a million dollars.

Potash or potassium hydroxide, is used in the manufacture of potassium nitrate, perchlorate, and potassium permanganate, all of which are used in the making of explosives.

GOOD SHOW COMING

The Chanery Ireland Vaudeville Company, which will appear at the Elite theatre on Friday night, is, according to reports from the press where they have been playing, one of the snappiest and cleanest shows that has appeared in this part of the country in some time. The company is composed of real performers who have recently fulfilled extensive engagements throughout the United States and Eastern Canada. A dance will be held after the show.

PROMOTIONS IN GRADES 1, 2, 3, AND 4

The following are the standings in the school examinations in the grades named:

D. Maclean teacher, grades 1 to 11, in order of merit:

Grace Welch, Ada Wiley, Audrey Macleod, John Taylor, Joe Jones, Gladys Haynes, Byron E. Brown, Viola Haase, Annie B. Watson, William Brown, Maybell McCann, George Briggs, Lucille Jones, Ada Renville, Margaret Newberry, Isabelle Love, Harold Goldsworthy, Mary Milner.

Promotions from grade I, B to I. A. John Macleay, Vera Stuart, William Roshall, Edward Springer, Ernest Dupre, Carolyn Frates, Evelyn Kemp, Elsie Simmerman, Edith Barton, Mary J. Laderate, Norris Gordon, Yvonne Bissou, Claire Hendry, Robert Watson, Vernon Avison, John Sutherland and Harley Barton.

Promotions from grade I C to I. B. Ruth Macleod, Kirk Synder, Bentley Davies, Joie MacTavish, Orville Smith, Helen Newport, Violet Taylor, Fred Cooper, Charles Cooper, Crystal Akroyd, Charles Gordon, Jack Rosenthal, Ethel French, Lawrence Goulet. Promotions for grades IV, and V, according to merit with percentage space also.

Front grade IV, to V.	
Beryl Foster	80
Mabel Prosser	85.6
Vernon Little	81.8
Bessie Welch	81.7
Mary Whitley	80.9
Alfred Dahlstrom	79.8
David McTavish	78.5
Mabel Bowen	78.2
Vera Hodgson	77.8
Frank Love	74.9
Bolivar Judy	74.6
Gordon Kenny	72.4
Claisy Barton	72.3
Alfred Lister	70.6
Le Roy Goldsworthy	67.7
Jack McLeod	67.6
Edward Griffith	67.5
Robert Johnston	65.2
Harvey Ward	62.5
Pauline Springer	59.1
Vannie Stinner	57.2
Anna Monahan	52.3
Promotions from grade V, to VI.	
Lucytha Dowling	70.9
Jack Bottaro	70.3
Ernest Kenny	78.4
Louis MacQueen	78.3
Mabel Mahey	76.3
Dorothy Brown	74.2
John Cunningham	73
Abbie Culley	72.4
Mary Watson	72
Alymer Davies	66.4
Sallie Murray	64.4
Gerlie Springer	63.3
Gordon McTavish	61.1
Christine Jonason, teacher.	

Following are the names of those who passed in grades II, and III. From grade III, to grade IV.

Sina Ellis, Cleo Ellis, Mary Fisk, Lulu Boyd, Jessie Newport, Richard Prosser, Lenore Creighton, Evelyn Wakefield, Gun, Mabel Tretevik, Jessie Sutherland, Edward Colwell, May McTavish, Beatrice Newberry, Howard Murray, Lee Mahey, Frank Monahan, Mary Monahan.

Promotion from grade II to III.

Lillian Bloom, Maude Barton, Margaret Becker, Beatrice Izard, Harry Stouffer, Elizabeth Watson, Sange, Gladys Ross, Vernon Colfield, Jean Bosholt, Denwood Brown, Leslie Milner, Helen Clifton, Marian Haynes, Julia Gordon and Marwayne Newport.

A very successful Red Cross meeting was held last Friday evening in the Elite theatre. A full report of the organization will be given later.

on Friday Evening

RAIN AT LAST

Rain in good quantities has fallen at last in this district. On Tuesday evening about 9 o'clock the clouds began to gather and soon a drizzle was falling, which changed to a steady rain. It fell the greater part of the night, and has the appearance of continuing for some time. It certainly arrived at an opportune time, as, although many showers have passed by none amounted to much as far as moisture stores, and the crops in the district needed it badly. The rain will assure a good oat crop and much of the late sown wheat will produce a fair yield. Some of the wheat on the high lands may be too dry to amount to much, but as a whole, prospects look better now than was hoped for. The rain apparently covered the entire district and as far as reports go, fell in good quantities as far south as Czar.

LOCAL NEWS ON INSIDE PAGE

SPECIALS

FRASER'S STORE NEWS

SPECIALS

This week we are going over our stock and throwing out all the short lines and odd pieces of merchandise, these we will have on sale for Friday and Saturday selling at just about half the present value.

Special prices on the following to clear them completely out

6 doz. Men's Straw Hats prices from 35 cents to \$2.50 this week selling at half price.

5 doz. Caps for boys Eaton style in Green, Brown and Blue regular 45c this week selling at 15c.

200 Pieces of fancy china, regular prices from 35c. to 50c this week at half price

190 pairs ladies' fine leather shoes button or lace, Black or Tan sizes 2.1-2 to 4.1-2 regular price to \$7. this week at \$2.90 pair.

7 Pieces print in blue and pink, Black and white and green, this week at 22c. yard

8 Doz pair heavy ribbed cotton hose for boys sizes 8 1-2 to 10 this week at 3 pair for \$1.00

Only seventeen left ladies all over aprons this week selling at 89c.

Bathing suits for boys, men' women and girls, from 85c. to \$4.25 each

Ladies white hose sizes 8 half to 10 selling at 30c.

Ladies silkine hose in white or black the best for the money obtainable selling at 60c.

LOCAL PARAGRAPHS

A meeting in the interests of school consolidation will be held in the council chambers on the afternoon of July 15th. Mr. Barton, supervisor of consolidation, will be the speaker. The scheme provides for including all the territory lying within the eight mile circle from Wainwright.

The local Orange lodge will attend the big celebration at Irma on the 12th of July. Prominent speakers will be present.

The directors of the agricultural society are working on the arrangements for a fall fair to be held here during September. Nothing definite is yet made public.

A good many people took in the Dominion day celebration at Neutral Hills ranch on Monday. It is estimated that 12,000 people from all parts of Alberta attended to witness the sports and some real wild west doings.

A. E. Mills left for Banff Saturday where he will spend the week with his family.

A Red Cross social will be held in the Wildmere school on July 10. A dance will be held in the evening and a good time is assured.

Three large pelicans were brought into town last week. They were captured to the south of here. Two were killed and one slightly injured and is now on the farm of Mr. Simmerman. They were splendid specimens.

A "Una-Electric" lighting plant is erected in the showroom of the Ford garage for demonstration purposes. This plant is small and compact and is just the thing for farm lighting systems.

Lightning rods will soon become as familiar a sight on barns and houses here as in old Ontario. Mr. Fish has rodded over forty buildings already this summer.

Many broods of young ducks and prairie chicken can be noticed when

traveling through the country. The season has been exceptionally good for breeding and rearing the young ones, and this fall should see plenty of game.

Nearly twelve hundred people registered in Wainwright on registration day.

Mr. Armstrong, of Irvine, has accepted a position as teller in the Union bank here.

Mrs. James Ward and daughter Hazel have gone to Tofield for a few days. From there they will go to Edmonton to take in the fair.

Mrs. Harry Archibald of Ylviske was a visitor at the home of Mrs. S. R. Bowerman.

Mr. and Mrs. Banks, of Edmonton, spent the week-end with the latter's sister, Mrs. Frauts.

H. C. Montgomery has bought out the stock and business of H. J. Morrison and will continue to conduct a grocery business in the same stand. He asks the continuing of the patronage of all the old customers.

D. M. Connell, of Charlotte Islands, B. C., is visiting Mr. and Mrs. McTavish. He is manager of the Massey-Lumber company of that place. On a trip through the district he was highly pleased with the outlook, and expressed admiration and surprise at the wonderful collection of buffalo and other animals in the park.

There was no regular meeting of the town council on Tuesday night, owing to there not being a quorum present.

At a special meeting of the town council on Saturday, Mr. H. V. Fieldhouse was appointed as member of the new hospital board in connection with the Municipal Hospitals, act. He will represent the municipality of Wainwright.

May and Simpson expect to move into their new building this week.

Municipality No. 42 has appointed Mr. Frank Bailey as member for the new hospital board, now in formation.

A beautiful brass cross has been presented to St. Thomas Church of England by the president and ladies of the W. A. With a lighter altar background it will be one of the most pleasing and prominent features in the church.

The Church of England, St. Thomas, looks very pretty in its new coat of white and green and speaks highly of the artistic work of Mr. H. Colfield, the contractor.

The Sunday school of Grace Methodist church celebrated Dominion day with patriotic exercises. A special program was given and five minute speeches were given by Mr. Connors, Mayor Greer, Dr. Little and Miss Douglas. The honor roll was read and two children marched up the hall bearing the Union Jack and Canadian ensign while the school sang the national anthem.

Mr. Priestley, the new pastor of Grace Methodist church will have charge of the services next Sunday. Every one is asked to be out to give him a good welcome.

A meeting of the guarantors of the Chautauque will be held tonight in the council chambers to wind up the affairs of the committee.

Mrs. R. C. McClure, and daughter Anna, and her mother, Mrs. J. Stewart of Lethbridge are visiting with Mrs. W. E. Simpson. Mrs. McClure is a sister of Mrs. Simpson.

A meeting of the G. W. V. A. will be held on Thursday evening in the club rooms at 9 o'clock.

S. Lewthwaite has moved his implement warehouse to face on Main street and has built a large platform. This adds considerably to the appearance of the corner.

H. J. Morrison, who formerly conducted a grocery business on Second avenue, has taken up farming. A producer is the thing to be nowadays.

AUSTRIAN DEFEAT UPSETS HUN PLAN FOR DRIVE

Germany's entire offensive program may be upset in the opinion of some American officers, by the crushing defeat of the Austrians along the Piave river.

GIRL GUIDES

Continued from another Page

confess too, have been impressed with a feeling of sadness, as I read this letter from one of my poor old "Girl Guides." I could hear a sad note in her writing—from one who was never stoomy or depressed—as she spoke of herself of being almost the last of a "old brigade," all the old patrols practically gone, and new ones forming, many never to return. Yet they will carry along with them pleasant memories of the past and will never regret the friendship, the training, the moral uplift, the valuable lessons that they learned day by day within the hallowed circle of the Girl Guides.

She, poor girl, writes under the pressure of great sorrow, as that dreaded cable has broken into her life, which tells her that her brother, whom she was so fondly attached as paid to supreme sacrifice "In Flanders Fields" were the poppies grow, beside the crosses row by row." She will soon say farewell to Canada her adopted country and which she loved, for the call of duty has not sounded in vain in her heart, and in her dear old English home she will comfort the heart of the sorrowing mother and close up the gap that this cruel war has made.

Who would not work for the "Girl Guides" when one is brought into touch with such fine and noble characters. It takes a girl of courage to write: "I can always bless the day when I was a 'Girl Guide' and when I return to England and comfort mother, I will join a company of 'Guides' and tell them of my happy days in Canada."

See the offering of hardware in S. R. Bowerman's advt. It will pay you to take advantage of his bargains.

GIRL GUIDES

Edited by Rev. Henry Wilson, M.A., Dublin University and
Vicar of St. Thomas Church, Wainwright

ARTICLE IV.

Before we pass into the inner circle of the "Guides" and see the girls at work there are some few points wise to remember.

In the first place the "Girl Guides" and the "Girl Cadets" are two distinct organizations. This should always be borne in mind so as to avoid confusion.

The "Girl Cadet" does not cover anything like the scope of the "Girl Guide".

The "Cadet" is very military in its nature and does not now appeal to the girl with anything like the force of the "Guide". This latter movement has incorporated into its curriculum the best part of the cadet plus much more in addition. It is quite possible for a girl to be a "Girl Cadet" and a "Girl Guide" at one and the same time, though in a small town like Wainwright such would be impractical. From what I have heard there was at one time a company of "Girl Cadets" but not "Girl Guides" in this town.

There are quite a number of girls at present in Wainwright who would make excellent "Girl Guides," and reflect much credit upon that great Empire organization. The "Girl Cadet" and the "Boy Cadet" are now almost eclipsed by the "Girl Guide" and the "Boy Scout". The cadet movement prepared the way for the larger and broader one.

In the "Guides" we receive no girl who has not got the written consent of her parents and guardian. Their names are enrolled in the register of the company with any necessary particulars. This big seal enters at the Canadian headquarters and also in London, England, so that the authorities there can give you the name and particulars of every "Girl Guide" throughout the Empire. Every badge she wins, every honor she attains, in fact her whole standing is known at headquarters in Canada and in England.

Court of Honor

Every "Girl Guide" company has its Court of Honor. This consists of the captain, the senior patrol leader, and one other patrol leader. It adjudicates rewards, penalties and various questions that may come before it. This is the court that hears and decides upon any grievance that a girl may think, rightly or wrongly, she is suffering from.

The Badge

The distinguishing mark of a "Girl Guide" is the pretty silver "creelet", bound at the bottom by a silver reef knot. This she wears in her dark blue Alpine felt hat across the top of this badge is the well known motto, "be prepared" which means that a "Girl Guide" must always be prepared to do her duty and to face danger in order to help her fellow creatures. The reef-knot reminds the "Guide" that she is expected to do a good turn daily. This badge is called her "life" and is only given when she has passed the tests needed to make her a Guide.

If she breaks her word of honor, or is not efficient, or otherwise seriously disgraces herself, this badge is taken from her for a day or a week as the captain thinks fit, and she does not get it back till she has satisfied the court of honor by doing some very good action, approved at the trial.

Any person wearing a "Girl Guide" badge without permission is liable to be prosecuted according to law, and a penalty is attached to it. Offences, such as wearing "Girl Guide" badges or "Girl Guide" uniform are severely dealt with.

This was found absolutely necessary for when the movement grew in popularity, several parties not entitled to it began to adopt for themselves its uniform and even its badges and when called upon to perform an act which to a "Girl Guide" would be mere child's play, they were found wanting. This was only to bring discredit upon the movement and so the authorities were compelled to apply for legislation to stop this abuse.

The Order of the Silver Fish
If there is one badge that every "Girl Guide" aspires to and is so proud to place upon her uniform, it is the order of the Silver Fish.

This is presented as a reward for winning many badges or for some very special distinction because the Fish is the sign for one who makes her way successfully against the stream of difficulties in life. The fish will always swim against the stream and finally overcome all obstacles. I have often seen salmon in the Irish rivers swimming against a heavy stream and leaping over huge

Jedges of rock. They are never baffled by these difficulties.

A "Guide" should be able to hope to attain to this coveted order must have already won the following badges:

Ambulance—first class, equal to a St. John certificate.
Clerk, book, first nurse, hairdresser, florist, fire brigade, gymnast, interpreter, laundress, matron, musician, needlewoman, naturalist, sick nurse, pathfinder, signaller, swimmer.

She must have passed an examination in every one of these subjects by competent examiners appointed by the local association and approved of at headquarters. We had six patrols working in St. James, that would be about 50 girls. They were all splendid girls of which any one could be justly proud, subject to discipline, courteous, and obedient to orders. They had won many badges and were first class "Girl Guides," yet I do not believe that more than three of them won this grand order of the "Silver Fish". It takes the exceptional girl to do so, though I hear that many are winning it now-a-days.

of their work in France, and also in London during the air raids. Companies of "Girl Guides" are also assigned the coast guard round the English and Irish coasts, by means of semaphore and Morse signalling.

Many of them have gained special distinction, and have been granted this order of the Silver Fish. I have already recommended at their own request, several "Girl Guides" of St. James for special work, and they have accepted. Some of them, are with the Red Cross nurses and it is their "Girl Guide" training will prove of inestimable value. In fact I had a letter this week which told me that only very few of the original St. James "Girl Guides" are left in the company today, and that were I to turn once more I could miss many familiar faces. A sad reminder of the passing on of time and the rapid changes in these days of war. It is not as yet two years since I left their city church for a quiet and peaceful existence in Wainwright—where I have already many kind and valued friends—and now in this letter I am old that almost all the original "Girl Guides" are scattered over the world and that practically a new congregation has grown up. Their orchestra which gave such splendid recitals of first class music at our various entertainments and were in constant demand for down town functions, all

WEDNESDAY, JULY 3

INTERESTING LEGAL DECISION

The recent decision of the Alberta supreme court in Calgary, regarding the validity of the exemption given Norman Lewis, has created considerable interest in Canada. The decision was reached on the fact that an exemption given under an act of parliament holds good over a more recent law passed by an order-in-council. The case was brought to court by R. B. Bennett, and the government will appeal to the higher court. Should the appeal not be granted it will mean that all young men who were given exemptions on the understanding that they would be employed and continue to work on farms, shall not be included in the draft calling up young men from 20 to 23 years of age.

According to the finding of the court, Alberta has the right of granting divorces. What will the senate do now?

The discovery of a deposit of potash in this district will mean a great deal to Canada. This mineral is a very rare one and a year or two the government were offering a large bonus to any person who would discover a deposit of this salt. It is of vital importance in the making of munitions.

Another sample of Huni warfare is reported on Tuesday when the hospital ship Llandoverly was torpedoed, with the loss of nearly 300 persons, including twelve Canadian nurses. We are told that it is a sin to hate but instances like this encourage and make the blood boil with a fierce anger, and a desire to wipe the accused nation off the face of the earth.

According to reports the Germans are preparing another offensive on a grander scale than heretofore attempted. Lloyd-George and Premier Borden has sent out warnings that the critical time is yet to come and that the allied nations will have to hear the strain of another terrific struggle with its awful loss of lives. Let us hope and pray that the Huns may be checked decisively and that soon the allies shall turn on their foes and drive them to defeat.

Judging from the activity in the Greenhills district in breakage and smallpox, there ought to be 10,000 acre increase in crop in the Wainwright district next year. We have the farming community and development is taking place as fast as men, tractors and money can make it go.

OTHER VIEWS

TO CONSCRIPT LABOR.

The Redia Leader argues that as Sir Robert Borden returned last year from England and repudiated all his previous declarations on the subject by announcing conscription for military purposes, he may return this year to spring another surprise by announcing the conscription of labor. The Leader, being a Unionist paper, may have reasons not known to the public for its view. And there must be a reason for the registration scheme as it says—Edmonton Journal.

If Winnipeggers are able to keep up their present heat over the fuel question until next spring, they will not need as much of Alberta coal to keep themselves comfortably warm.—Calgary Herald.

UNION BANK OF CANADA

A Joint Account is a Great Convenience

For family funds. It may be opened with the Union Bank of Canada in the names of two persons, either of whom can make deposits or withdraw money when in town or when passing the bank. It is especially convenient if the husband is frequently away on trips, as it enables the wife to procure funds for expenses on her own signature alone.

200 POUNDS ON TWELVE STEERS EQUALS ONE MORE

One hundred additional pounds on each of twelve steers is equivalent to one additional steer. The above is an important fact in connection with greater beef production. Quantity is the all-important factor in this problem, and every stockman should strive to get as great a quantity of meat on each animal as possible.

The recent rains will add much to this end. Pastures are improving and the necessity of selling cattle because of a shortage of pasture is being removed.

Where fields are fenced, an easy way of making sure of an abundance of fall pasture is to sow a few acres of rape on the summer-fallow land. Sown at once it will be ready by the middle of September if the rains are at all seasonable. A single stroke of the disc next spring will put the land in excellent condition for wheat. The pasture will therefore represent almost a clear profit.

The farmer who has facilities for storing will find white turnips profitable to sow in addition to rape. An extra hundred pounds in live weight can easily be secured by pasturing steers for six weeks on a field of rape or white turnips.

All the signs point to a heavy cut this year on thin cattle and those weighing less than one thousand pounds, therefore try to get in on the good weights and good prices as well. Therein lies the profit.

A CHANCE FOR LOCAL AUTOMOBILISTS

The automobile clubs of the province are taking an active interest in the contests in connection with the coming Edmonton Exhibition, July 8-13th. Three silver challenge cups have been offered for competition—one by James Ramsey of Edmonton, for the automobile club which takes the greatest number of cars to the Edmonton Exhibition on Saturday, July 13th, Court ay, of Edmonton, has offered a challenge cup to the club which brings to the Exhibition the greatest percentage of its members; H. H. Cooper of Edmonton, has offered the mileage cup to be won by the club which can show the greatest mileage—the number of cars to be over four. The Edmonton club is debarrued from competing for these cups.

We are informed that the entries in the live stock departments for the Edmonton Exhibition are excellent in every department. This year for the first time, there are three entries in the class for six-horse teams.

Excursion rates of fare-and-one-third for the round trip are in force. Special one-day excursions have also been arranged for the convenience of those whose work does not permit their being away from home for any length of time.

The Edmonton exhibition management will have an information bureau on Jasper Avenue for the benefit of visitors from the country; here baggage and parcels may be checked free of charge, rooms secured in private homes or boarding houses, and general information obtained.

GERMANS ESCAPE IN TWO AIRPLANES FROM BERLIN

Copenhagen, June 28.—The four residents of Berlin who escaped from Germany several days ago in two airplanes and landed in Denmark, have been released. They will not be interned. The fugitives included Dr. G. F. Nicolai, former professor of physiology at Berlin University. Two of the men wore military uniforms and all of them declared that they preferred death to a return to Germany.

TELEGRAPHIC BRIEFS

Alexander Kereny, former premier of Russia, escaped from this country and is speaking in England and France. He will also visit America.

J. A. Cross, of Brantford, Ont., was fined \$500 for using seditionous language.

Fire at Revelstoke on Tuesday last destroyed three box cars and a large warehouse.

On Thursday of last week the U.S. called out 80,000 men who had registered for military service.

J. M. Wardle, of Ottawa, a civil engineer, has been appointed the new superintendent at Banff.

The Italians in a dispatch from Rome say that victory for the allies can be obtained this year and peace be signed, if their offensive against the Austrians is successfully concluded.

W. A. Buchanan, Lethbridge Herald; M. R. Jennings, Edmonton Journal and J. W. Woods, Calgary Herald, are western editors who will visit the front and England as guests of the British government. The party will consist of twenty-five altogether.

For the first time in 100 years armed American troops paraded in the streets of Toronto.

STRAWBERRY SEASON IS ALMOST AT AN END

Those who have been expecting a drop in strawberries will be disappointed as the height of the season has been passed and very few more will come in, at a higher figure. The British Columbia crop was partly spoiled by frost early in the season and injured by weevils and the June bugs later which accounts for the short season and higher price.

However, raspberries are going to be an especially good crop this year and arsons in strawberry canning can be made up by putting up an extra lot of raspberries. There are also indications of good crops of blackberries and gooseberries—Calgary Herald.

LIGHTNING RODS ARE A GOOD PROTECTION

A. E. Fisher, provincial fire commissioner for Saskatchewan, recently issued an interesting bulletin dealing with the protection against lightning. The bulletin is one of a series prepared in the campaign now going on all over the province to make Saskatchewan fireproof in 1918.

The bulletin points out that investigations conducted by the Canadian agricultural colleges and statistics compiled by the fire marshals of the various states to the south show conclusively that lightning rods properly installed furnish ample protection from destruction, and losses sustained by lightning on rodded buildings are practically nil.

SEE SOMETHING NEW

The attractions of an eastern trip over the Canadian government railways are many, if care is used in selecting the most advantageous routes. It is possible to keep away from the beaten path. See something new.

The Canadian Government railways make this possible with their new short route via Quebec Bridge to the Maritime Provinces and Quebec, and through the celebrated "miniature districts" of Lake of the Clouds and Muskoka district, for Ontario points or east or south.

We suggest a diverse route if a return trip is taken: go all rail and return lake and rail, or vice versa. The rail route passes through the "Kilnsey of America." Innumerable lakes set in a diversified landscape gleam like jewels and reflect the well-known extended by nature to her sons and daughters to enjoy what she has provided.

The Northern Navigation Company boats operated from Sarnia to Port Arthur should be used for the return trip from the east to western Canada, and passengers have choice of route from Port Arthur to Winnipeg.

The route suggested above provides the utmost in travel comfort, combined with diversified scenery.

Further information may be obtained from any Grand Trunk Pacific agent or Mr. W. J. Quinn, district passenger agent, Grand Trunk Pacific Railway, Winnipeg, Man.

PETROGRAD IN NEED OF FOOD SUPPLIES

Amsterdam—Petrograd has received no supplies whatever for four days, according to a statement by the food commissioner, reported from Moscow. Of 25 carloads of grain from Ufa which the Czechs allowed to pass, only eleven have reached Petrograd, the others being detained at various stations by the railway officials.

Grace Methodist Church
The Rev. Mr. Priestley, will occupy the pulpit of the Grace Methodist church next Sunday, both morning and evening. Everybody invited to give him a good welcome.

SEVENTEEN PLANES ARE PUT OUT OF BUSINESS
London.—Nine German airplanes were destroyed and eight others disabled, while five British machines are missing as a result of aerial fighting on Saturday according to the official statement.

SUBMARINE SINKS HOSPITAL SHIP WITH MANY LOST
London, July 1.—About 10:30 o'clock on June 27, one hundred and sixteen miles southwest of Fastnet, the hospital ship Llandovery Castle was torpedoed by an enemy submarine, and sank in about ten minutes. She was homeward bound from Canada, and therefor there were no sick or wounded on board, but her crew consisted of 164 officers and men and she carried 80 Canadian army medicals and fourteen female nurses.

Of this total of 248 only one boat containing 24 survivors, has so far reached port. Search still is being made and there is a bare possibility that others may yet be found.

A boat containing 12 Canadian nurses was seen to capsize and all are believed to be lost.

WIDOW SUES C. N. R. FOR BIG DAMAGES
Regina.—In the court of King's bench on Saturday an action was commenced to recover the sum of \$20,750 from the C. N. R. by the widow of the late Capt. J. Nichols, a war inspector who had both legs cut off by a train at North Regina early this year, dying a few days later.

Negligence on the part of the company in having vestibule doors closed and permitting passengers to crowd vestibules that were open is charged.

NAVAL SCHOOL CLOSES
Kingston.—The Royal Naval school closed on Monday for the summer vacation and the cadets have left for their homes. The staff of the school will move to the new quarters at Esquimaux in a week or so.

\$25.00 REWARD for information and proof of identity of person who on Monday evening, June 24th between 7:30 and 8 p.m. in the southeast part of the town, shot and killed black and white thoroughbred Gordon setter dog named Fritz, belonging to N. E. Cook, now overseas.

COAL

WE WANT TO TALK TO YOU ABOUT YOUR COAL SUPPLIES FOR Next FALL AND WINTER

Owing to the large demand there will be for WESTERN COAL this year, it is advisable that you get your supply ordered and feel sure that you will be able to get it when needed. If you place your order with us now we will not only guarantee to fill your bins before the cold weather starts but

WE ALSO GUARANTEE TO KEEP YOU SUPPLIED AT ALL TIMES NEXT WINTER WHICH IS A GREAT DEAL MORE TO THE POINT

We are the only coal dealers in Wainwright who had coal at all times last winter and WHEN OTHER COAL DEALERS COULD NOT GET COAL we supplied their customers. The COAL outlook at present points to a scarcity such as we have not known in years, so that we cannot promise to do this next winter, but WE WILL HAVE COAL TO SUPPLY OUR OWN CUSTOMERS AT ALL TIMES.

We can do this because we are agents for Three of the most reliable and Best Coal Mines in the west:

HUMBERSTONE, TWIN CITY, PEMBINA
All Equal in Grade, all at the same price

Let us have your order now. We will deliver when you want it. We Have Dry Tamarac in Stove Wood Lengths.

LUMBER

We have Seasoned Lumber of all kinds, Douglas Fir, Coast Cedar, B. C. Spruce. If you need strong lumber come in and see our Full Inch Boards and Full Sized Dimension.

UNLIMITED SUGAR FOR PRESERVING FRUITS

Unlimited quantities of sugar for preserving purposes. Consumer, you may now give way to wild abandon, and order up even two hundred pounds or more, and you need not fear the hoarder's act.

"Wholesale dealers can now sell sugar in car lots to retail dealers. Re-

tail dealers also are allowed to sell the sugar in unlimited quantities to consumers for preserving purposes." This order is no general order of hoarders' act, but allows the purchase of all sugar necessary for canning and preserving purposes. The new order has been issued to western Canada wholesale dealers granting permission to sell sugar by the car lot to retail merchants.
